

# Wound Healing Foundation

is working for you!

## Foundation News

Once a year, federal government employees and military personnel can donate to select charities through the CFC Campaign. In 2017, the WHF joined other non-profits in this program. Please encourage all federal employees and military personnel to donate to the WHF and use **CFC #88674**.

*Thank you  
for our  
Volunteers!*

Did you know there are more than 35 people world-wide who volunteer to help the WHF meet its mission throughout the year? The WHF could not be successful without their help and support.

From reviewing grants to raising wound awareness, the WHF Volunteers are impacting patients, research, grants and policy. The WHF sincerely thanks each of you for contributing your time and talents!
